

The diagram consists of two coordinate systems. The left coordinate system has a vertical y-axis and a horizontal x-axis, both ending in arrows. The label **ACT4E** is placed in the upper-left quadrant of this system. The right coordinate system also has a vertical y-axis and a horizontal x-axis, both ending in arrows. The label **ACT4E** is placed vertically along the y-axis of this system. A dashed curved arrow originates from the **ACT4E** label in the left system and points towards the y-axis of the right system. Above this arrow, the text $\text{rotra}_{\pi/2, -1, 0}$ is written.

$\text{rotra}_{\pi/2, -1, 0}$
