component

The diagram shows a central white rounded rectangle with a black border. On the left side, there are four green circular ports, each with a horizontal dotted line extending to the left. On the right side, there are seven red circular ports. The top two have horizontal dotted lines extending to the right. The bottom five have horizontal solid lines extending to the right. To the right of these solid lines are seven lines of red text, each aligned with a port: 'size [m x m x m]', 'mass [g]', 'power [W]', 'cooling [W]', 'cost [\$]', and 'maintenance [\$ / years]'.

size [m x m x m]

mass [g]

power [W]

cooling [W]

cost [\$]

maintenance [\$ / years]
